

**Get on the
BAN wagon**

**“pulverized and decapitated”,
testimony of Dr. Roy Guerrero, sole pediatrician in
Uvalde, receiving remains of slain children.**

**BAN the sale and possession of
military-style weapons,
and establish a government-led program
to BUY BACK all such weapons of
mass destruction!**

**Arguments being used by some to prevent
stricter gun laws are weak arguments.**

- Moving the age from 18 to 21. No age is the right age for anyone to purchase or possess these weapons.
- By all means, increase support for the mentally ill, but this is not a valid reason to prevent total removal of WMDs from society.
- Yes, tighten laws for background checks and licensing for all gun buyers and users but these are not valid reasons to prevent BANNING AND BUYING BACK.
- “Hardening” schools may help, but is not a valid reason to prevent BANNING AND BUYING BACK.
- Arming teachers is common “nonsense,” not common sense.

**Call out the
weak arguments
for what they are.**

**The BAN, if voluntary,
will not work.
It must be mandatory.
If it is not enforced by law and
severe penalties, it will not
work either. Simply stated:
these are weapons
of mass
destruction!**

**Must every
school, hospital,
church
and city square
be armed?**
